

Gear up for the Gazley Volkswagen Wellington Marathon with Mizuno & Shoe Clinic!

For 20 years Mizuno has been a major selling brand at Shoe Clinic, with shoes that are lightweight whilst still offering support where needed. One of Mizuno's key fitting features is a slightly snugger heel counter combined with a generous fitting forefoot. This is especially popular for female runners & walkers.

Wave Horizon:

Introducing the softest & most stable ride ever to come out of Mizuno running! Designed for the runner who requires stability but also wants a softer more natural feeling without compromising Mizuno's traditional light weight fit. Best for runners who are seeking a shoe that offers a strong stable platform combined with a plush cushioned feeling underfoot over mid to long distances.

Wave Inspire 13:

Wave Inspire 13 offers a ride that not only supports the foot but has a very lightweight, natural feeling with each step. The Wave Inspire 13 provides stability, durability, and comfort & is also available in wide fitting options for both Men (2E) and Women (D), which makes it a great fit for many Kiwi feet! Overall, this is one of Shoe Clinic's strongest selling running shoes from any brand.

Wave Rider 20

Mizuno's number 1 selling shoe globally, the Wave Rider 20 is one of the market leaders for a high mileage shoe that is also very lightweight and flexible. Designed for neutral foot types, the Wave Rider 20 offers supreme comfort & is designed to feel fast and natural underfoot. It is also available in wide fitting options for both Men (2E) and Women (D).
